

# FoodPack SUMMIT2018

26-27 September 2018  
Centro Citibanamex, CDMX  
II Edition

# INTERNATIONAL FOOD PACK SUMMIT FOR THE FOOD AND BEVERAGE INDUSTRY

A top quality event  
with renown speakers  
from all over the world

[www.ftsexpo.com/food-pack-summit](http://www.ftsexpo.com/food-pack-summit)

# PREMIUM PACKAGING

The second edition of the **Food Pack Summit** shall take place within the scope of the International **Food Tech Summit & Expo Mexico**, driven by the surprising success of its first edition.

## FOOD PACK SUMMIT

Once again, the leaders of the Packaging Industry shall be showcasing their **innovations in packaging and technology, state-of-the-art materials, packaging trends, successful cases and challenges** related to the development of solutions intended to add value to food and beverages.

## THE ATTENDEES CONSIDER THAT:

*"The lectures organized for the Food Pack Summit have been greatly useful because they certainly added value to our activities. I invite you to take part in this event"*

Margarita Olmedo, Mead Johnson Nutricionales.  
Manager of the Packaging Department

*"The lectures proved to be very interesting to me. The speakers are smart specialists. They know what they are talking about. I am resuming my usual activities with a different vision. There is no doubt that I would very much like to come to the Food Pack Summit again"*

Sergio Meza, Main Casa. Manager of the Production Department

## VISITORS PROFILE:

Professionals engaged in F&B Packaging Industry, including

executives from large, medium and small sized companies working on the comprehensive development of the sector and on solutions to issues affecting areas such as Packaging Design, Processes, R & D, NPD, Marketing and Production, among others.

# THE EXPO

The **Food Tech Summit & Expo Mexico** is widely known because it summons the leading suppliers of additives, ingredients and solutions for the F&B industry, now reinforced with the participation of the most conspicuous suppliers of packaging materials, packaging machinery, food processing machinery, automation systems and related technologies.
